

YOLO COUNTY DEMOCRAT.

WEDNESDAY, JANUARY 23, 1890.

W. FISHER, 20 and 21 New Merchant's Exchange, is out authorized agent in San Francisco for Eastern Advertising, Mr. Fisher is represented by S. M. Pettigrew & Co. of New York and Boston.

HUBBARD & MURPHY, 41 Park Row, New York, sole agents for the Democrat in the Eastern States.

Yolo county not only holds high rank among the leading grain counties in the State, but she bids fair to take the lead in the important matter of developing the production of silk. The number of mulberry trees now growing within the county boundaries is 100,000, being more than one-third of the whole number in the State, according to reliable statistics. No other county in the State, except Sacramento, has made strides so rapid in this branch of wealth producing industry. Sacramento stands first and Yolo second, but it is not at all improbable that this order will soon be reversed. Estimates gathered from the Commercial Herald make the following exhibit of the silk business in this State for the year 1888: "There are 1,175,000 mulberry trees in California, divided thus: Sacramento 425,000, Yolo 400,000, Santa Clara 150,000, Santa Barbara 200,000, Los Angeles 50,000, Nevada 50,000. The cocoons produced in 1888 numbered 1,350,000; thus: Sacramento 600,000, Yolo 325,000, Santa Clara 100,000, Santa Barbara 200,000, Los Angeles, 25,000, Nevada 100,000. The eggs produced amounted to 1,350,000; thus: Sacramento 700, Yolo 400, Santa Clara, 100, Santa Barbara, 50, Los Angeles 25, Nevada 75."

RADICAL ECONOMY AND CONSISTENCY.—The Radicals were to reduce the National Debt. They have already commenced to agitate the question of raising the salary of the President elect to \$100,000, and the salary of Cabinet officers in proportion. They have also discovered that the Presidential mansion is too small and too shabbily furnished to suit the tastes of the "coming man." The White House must be rebuilt and newly furnished. Don't you perceive? The "cruel war is over," the chance for pickings and stealings are not so good as they were four years ago, and the people must pay to keep up Radical pomp and power, and consequently, the salaries of Federal officers must be increased. That is Radical economy. They passed the Tenure of Office Act to embarrass the President. Now that they have elected a man who gives promise of becoming their tool, the very same men who passed the Act to curb the power of Johnson have repealed it to give leave and license to Grant. This is Radical consistency.

A MEAN MAN.—A human being, claiming to be a man, called on Rev. T. H. B. Anderson, at Susan, a few days since, and represented that he had just arrived from Sacramento with a herd of cattle, and had that night stopped in the neighborhood; that he had just received a telegram that his wife was sick in Sacramento, and he wanted to borrow just ten dollars to go home on, promising to send it back the next morning. To work upon the sympathies of his victim, he also represented that he had but a week or two before joined the Methodist Church in Sacramento, and mentioned the name of the pastor, Mr. Anderson gave him the money, and that is the last that has been seen or heard of Smith. Words fail to convey any idea of the meanness and littleness of such a scoundrel. [Capital Reporter.]

AN ORANGE COURTSHIP.—A country school master near Corvallis, Oregon, recently attempted to cheat one of his pupils—a young lady with well developed muscles. An exciting contest ensued, and the young miss finally surrendered. She fell in love with her conqueror, and the happy pair were united in matrimony a few days after the encounter. The Oregon style of courtship has not yet been adopted by California teachers, and it is not likely that such a method of wooing will ever become popular in this country. The girls all have "big brothers" here, and the young ideas are "on the shoot."

PREACHERS SHOULD RIDE SLOW.—A preacher in Placer county, recently, started on horseback a few miles in the country to perform a marriage ceremony. Coming to a beautiful river he yielded to the temptation of trying the mettle of his steed, and with whip and spur sped away over the road like a flash. A farmer riding in the same direction was overtaken, and fled terrified and pleading for mercy. On reaching his home the farmer related to his breathless family his narrow escape from the clutches of a "ruffianous looking highwayman."

HARD PUNISH.—The Congressional Committee to investigate alleged election frauds in New York, says the Call, appear to be hard pushed to obtain testimony to convict the Democrats of rascality, seeing that, according to a reliable statement, noted thieves had been paid fifty dollars each to give convicting testimony. Some of the Radicals are very bitter in denouncing the Sheriff of the city for arresting a lot of thieves. It would be bad thing for many men in New York if the Sheriff should continue his labors; hence, perhaps, the denunciations heaped upon him for his very proper action thus far.

THE SACRAMENTO BEE had an ecstatic fit, recently, brought on by the election of Carl Schurz, United States Senator, of the late slave-holding State of Missouri. Well what of it? Did not the Radicals of "the late slave-holding State" of Louisiana elect a negro to Congress, and vice versa? Radicals rejoice! Menard from Louisiana and Schurz from Missouri—a black nigger and a white one.

The Idaho papers publish births, and the weights of the various searcomers.

SENATOR CASSERLY.—The State has reason to feel proud of its choice for United States Senator in the person of Eugene Casserly. The unselfish devotion to the best interests of the country, and the high order of talent which has characterized his course in professional as well as political life has won for him a deserving meed of praise both at home and abroad. Eastern papers contain an account of a magnificent banquet, recently given in honor of the Senator, at Delmonico's, in New York. All the leading members of the New York press were guests at the entertainment, and many were the high compliments paid to Senator Casserly and the state he has the honor to represent. Among many interesting incidents of the occasion, the following remarks were made by William Cullen Bryant:

I remember many years ago, when I first knew our friend, the guest in whose honor we were assembled this evening, and I must say that I have always thought exceeding well of him. When I first knew him he was in the generous, genial, budding youth; but now he has blossomed, expanded—choose which you will—into a Senator of the United States. (Applause.) The soil of California is a rich soil, and it lies under a most genial climate; it produces the finest fruits and the largest trees in the world. Shall it produce also the noblest men? That is what we hope to see. We have here to-night in Senator Casserly an example of a cutting grown from another country. We put in a cutting of which we entertained good hope; and now it is grown to a goodly tree, which spreads out its branches, and in which the fowls of the air come to make their habitations. And when, within a couple of months, he takes his seat within the Senate of the United States, we have all of us a right to expect of him that he will show us an example of unflinching, incorruptible integrity; that any man so nominated (allow me to say) has no cause to apprehend it; if any man be nominated to a place of trust and responsibility of which he is unworthy, or unfit and incompetent, he will boldly vote for his rejection; that if any measure should come up which is for the benefit of a few, instead of the benefit of the country, he will also boldly vote for its rejection; that if he finds any law on the statute book which has not that tendency he will labor for its repeal. (Applause.) If I end with a sentiment I hope you will allow me to give this one: "The Senator elect from California, Eugene Casserly—The State of New York gave him to her own loss, to California; the State of California has presented him, a welcome gift, without losing him, to the nation." (Applause.)

IMPROVEMENT IN TRAVELING FACILITIES.—The construction of the Vallejo and Sacramento Railroad, has greatly facilitated the convenience of travel and transportation through one of the richest portions of the State, and no doubt the public fully appreciate the favorable change from the slower and more expensive means of communication which the new route has now almost superseded. A new and elegantly furnished steamer has recently been placed on duty between San Francisco and Vallejo, connecting with the cars at the latter place. With the present advantages secured, the trip can be made from San Francisco to Sacramento in less than four hours, perhaps three and a half. At an early day, no doubt, the road will be extended in accordance with the original design of the company, from Davisville through Woodland and Knights Landing to Marysville. This line, passing as it will when completed, through one of the richest agricultural districts in the world, will become a great thoroughfare, add to the wealth of the country through which it passes, and completely revolutionize old methods of annihilating distances.

AN OUTRAGE.—A desperado, worthy of no better title than a brute, entered the house of Mr. Savage, in San Souci Valley, on Tuesday last, in the absence Mr. Savage, with fitting up for certain purposes did not belong to him, but on the contrary it was at that time, as it is at present, my own property; and, as Dr. Ray, the circumstances of the case by no means justify the ill-advised attempt of the good Templars to convert him into a count of the purposes for which the building were used by a third party.

WOMAN'S PAPER.—The woman's paper, says the Bee, soon to be published in San Francisco by the Female Typographical Society, will be called "El Dorado." It will not be a woman's rights paper in the common understanding of that term, but will claim for her the right to labor for an honest livelihood in any branch of art or science, or in any profession to which her talents may be best suited; and it will ask for her no advantage in the labor market over men—but only that like work shall receive like compensation and that women shall have a fair trial; and if she fails in her competition in a fair race, then let her fail.

REMARKABLE INCIDENT.—About a week ago a Spaniard was sentenced to the County Jail by Judge Foote, for the crime of petty larceny of a ring from Wachhorst's store. From his actions the officers were led to suspect that he carried something about his person that he desired particularly to conceal, and he was searched. On being divested of his clothing, a belt which encircled his body was disclosed to view, and in this belt was found the sum of \$120 in gold twenties. The old man, in an excited manner, related that he had kept the money in that belt for ten years, having saved it from wages received in the mines near Oroville. His statement is doubtless correct, as the twenties are covered with mold. Yet rather than spend them he would steal a covered article, though he is not a professional thief. [Record.]

ANOTHER PLAGUE.—California has been shaken by earthquakes and tormented by small-pox, but her evil genius is not satisfied. George Francis Train is coming.

THANKS.—Hon. A. Comte, Jr., has our thanks for valuable papers.

NEWS IN BRIEF.

Wm. M. Stewart has been re-elected U. S. Senator by the Nevada Legislature. Admiral Farragut intends visiting California next Spring. A Chinese theatrical company consisting of one hundred and one actors and musicians are performing at Sacramento. Snow is six feet deep at Meadow Lake. Seventy newspapers are published in San Francisco. Business is lively in asylum are daily inmates for the lunatic. The China lemon tree is being planted for hedge fences in the Southern counties. Thieves and burglars are at work at Mokelumne Hill. Wild oats measuring four feet in height have grown in Contra Costa county. A boy near Stockton shot his companion a few days ago. Four "road agents" stopped the stage near Fiddletown, Amador county, last week and robbed the express boxes of \$200. One hundred and fifty-nine prisoners are confined in the jail of San Francisco. Wood choppers in the Central Railroad got \$75 per month. A daily paper has been started at Los Angeles. Twelve miles of the grading on the San Pedro and Los Angeles Railroad have been completed.

THE DEMOCRATIC PARTY.—The Democratic party of California for the last few years has been laboring under an incubus of which it is high time it were relieved. The Republicans have carried the State ever since the Fall of 1861, until the Fall of 1867, when Governor Haight was elected, and then resumed its sway by a small majority in 1868. That the State is Democratic upon principle, there can be no doubt. This is clearly shown by the vote for Congressmen, at the last election. The Democratic party could hardly keep up its organization unless it had some antecedents of one of the candidates was another cause of apathy. The prevalence of an epidemic in a strong Democratic portion of the State was another cause of defection in the Democratic vote. Yet, notwithstanding all these, the vote was a respectable one, and furnishes an incentive for renewed effort.

The Republican party battled with unusual vigor and unscrupulous means. Money in their hands was made a controlling element, and many a poor man with a dependent family was induced to sacrifice his principles to the power of the money. The Republicans have gained all they contended for. It becomes every citizen now to look forward to the welfare of the country and do all in his power to remedy evils now existing. In order to accomplish this end, it is necessary that classes of persons who were lately in alliance with the Republican party to rally once more around the Democratic standard. This they can do without any sacrifice of principle. We refer to those who are in favor of equal taxation; to those who are in favor of paying the bonds according to contract; to those who desire ratification and reform in expenditures; to those who are opposed to a moneyed aristocracy; and those who were Democrats before the war, and are now, on all issues before the people, but who joined the Republican party under the supposition that the war was waged for the purpose of subduing a rebellion only.

The issues that divided the people at the commencement of the war are now dead; it is only with the live issues we have now to deal, and all right thinking men must see the necessity of acting on their own principles. The future is before us, and it is our duty to teach us how to act in the future. We must bring our opponents down to a discussion of the real issues of the day—ward off all undue influences, and in the coming campaign look for success, which will follow as sure as our cause is just. A CARD.—In regard to the controversy that recently transpired between the Good Templars of Woodland and Dr. Ray, I desire to state that the building was used by the Doctor for a saloon, with fitting up for certain purposes did not belong to him, but on the contrary it was at that time, as it is at present, my own property; and, as Dr. Ray, the circumstances of the case by no means justify the ill-advised attempt of the good Templars to convert him into a count of the purposes for which the building were used by a third party.

TOWN AND COUNTY MATTERS.

LYCEUM.—A commendable movement has been inaugurated for the purpose of organizing a Lyceum in Woodland. In pursuance of a call signed by some sixty persons, a meeting was held in the College building on Wednesday evening for the purpose of effecting a temporary organization. T. C. Pockman was elected Chairman pro tem, and F. E. Baker appointed Secretary. Committees necessary for the accomplishment of a permanent organization were appointed with instructions to report at an adjourned meeting at Hesperian Hall on Wednesday evening the 27th inst. at 7 o'clock. All who desire the success of the organization are invited to attend, and it is to be hoped that a good crowd will be present.

INSTALLATION.—The exercises of installation participated in by the members of the Lodge, No. 81, F. & A. M., at Cacheville, last week, were witnessed by quite a number of invited guests among whom were many ladies. At the close of the exercises all were invited to a feast prepared by the wives of the members, which is said to have been a most elegant affair. The following are the names of the officers: W. M., C. W. Hadley, S. W., D. P. Dugan, J. W., J. H. Brown and G. W. Woodward, Secretary; W. S. Hazeltine, Marshal; Geo. Snodgrass, Tyler.

COURT HOUSE REPAIRS.—The repairs made upon the Court House appear to have been commenced just in the nick of time, for we are informed by experts who have observed closely, that there is a visible settling and spreading of the outer walls. The present repairs consist of a system of heavy iron rods crossing squarely through the building, with powerful apparatus for adding immensity to the compactness of the whole. It is said by those who take an interest in the matter, that the Board of Supervisors will take every proper measure to secure the safety of the building, even if they have to adopt the methods pursued in Sacramento on the State House.

FIRE DEPARTMENT.—One of the best evidences of the rapid and strong growth of our town is the agitation during the past week of a plan of defense against fire. Certain property holders, agents for Insurance Companies, and in fact citizens of all classes, have appeared uncommonly unanimous in a desire to organize some kind of a fire department. With our citizens, this means something; so we already, in imagination, hear the rattle and clamor of the "machine" and the thrilling noises of a good old-fashioned fire, well fought by an accomplished and well managed organization.

SAN AFFLICTION.—A short time since a little son of G. W. Andrews, of this place, while engaged in play with other boys, was accidentally wounded in one of his eyes by a dart thrown from the hands of one of his companions. Both eyes became badly affected, and on Monday last Mr. Andrews took the child to San Francisco for treatment. An examination was had by Dr. Pardee, who pronounced the patient hopelessly blind. The sufferer, whose age is but ten years, bears the misfortune with fortitude; but the affliction is a sad one to his parents and friends, who more fully realize his helpless situation.

WEDDING.—One of those little episodes which require for their consummation the presence of a minister and a happy couple, armed with a marriage license, transpired on Wednesday last at the residence of Samuel Laugenour, near Knight's Landing. The principals were W. S. Huston and Miss Sallie Laugenour. Many friends were present to exchange congratulations and enjoy the rich feast prepared for the occasion. May the joys of life attend them.

WHITE PINE.—The White Pine fever which recently attacked a number of citizens of this place has not abated. There is talk of a large emigration to the new diggings. Don't be too fast, gentlemen. Be sure you are prepared to encounter hardship before you start, and don't start too early.

BAND OF HOPE.—The meeting of the Band of Hope, at Temple's Hall, on Sunday afternoon, was well attended. Many visitors were present and the exercises were of a most interesting nature. Several addresses were given, and the Band seems to be in a flourishing condition.

ENTERTAINMENTS.—During the week the citizens of this place have been favored liberally with entertainments. There has been some attraction every evening, and the bracing air and moonlight has been enjoyed by many promenaders.

LAURA CECITY.—A series of lectures have been given this week at the Court House, on various topics, by Mrs. Laura Cecity. The lady is a popular speaker and on each occasion her lecture was listened to attentively by a large audience.

TEMPERANCE LECTURE.—Ned Buntline is announced to deliver a free lecture on the subject of temperance, at the M. E. Church, to-morrow evening at 7 o'clock.

VALENTINES.—Look out for a splendid assortment of Valentines at Read & Magee's. They will be received by express in a few days.

HALF-WAY UP LOOKOUT MOUNTAIN.—The place where memory is stirred by a thousand recollections and associations, and where the brave boys of both armies met and fought hand to hand, where the blood of both friend and foe was mingled together and run down the mountain side in rivulets, is a smooth-faced rock, upon which a poor, wounded soldier inscribed the following: "S. T.—1860—X—Early in the battle I was wounded, and carried to this spot by two clever Yanks. They bade me farewell, and as they supposed, to die, for I was so weak from loss of blood that I could but faintly thank them for their kindness. They left me in a canteen a part bottle of Plantation Bitters, to which I owe my life, for it strengthened me, and kept life within me until help came. My wound was dressed. God bless them for their kindness and the Plantation Bitters." Henry Davagell, Company B, 10th Georgia.

ELECTRO-SILICON.—This curious and valuable substance is confidently claimed to be the best article ever discovered for cleaning and polishing Gold, Silver and Plated Ware, and all smooth metallic surfaces, of whatever description, including kitchen utensils of tin, copper, brass, steel, etc.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use Newell's Pulmonary Syrup. A few doses given in time may save the life of a darling child. Do not fail to have it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of Dr. E. Cooper's Universal Magnetic Balm, an unequalled preparation for Dysentery, Diarrhoea and Cramp. The instantaneous relief for Burns, Bruises and Sprains.

A DEMOCRATIC PAPER SAYS: "If Grant attempts to carry out a constitutional policy, we will support him." Ah, that a wiser man might say "if there comes a shower of gold I shall catch some nuggets." The one is as possible as the other.

REPORT OF PLAINFIELD SCHOOL.—The school in Plainfield District, under its present management, seems to be progressing finely. A report furnished us by the teacher, E. J. Schell, shows, exhibits a creditable state of the pupils. The figures in the columns below express the percentage of standing in study and deportment, the maximum being 100:

STOP THAT COUGHING.
Some of you can't, and we pity you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of truly compounds foisted on the public as a certain cure; but

Newell's Pulmonary Syrup
is really the VERY BEST remedy ever compounded for the cure of coughs, colds, sore throat, Asthma, Whooping-cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by the surprising curative powers of

Newell's Pulmonary Syrup
and with one accord give it their unequalled approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

Newell's Pulmonary Syrup
has cured thousands, and it will cure YOU if you try it.

This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

Newell's Pulmonary Syrup.

REDINGTON, HOSTETTER & CO.

Redington, Hostetter & Co.'s ESSENCE OF JAMAICA GINGER!
This valuable preparation, containing in a highly concentrated form all the properties of Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic, it will be found invaluable to all persons recovering from debility, whether produced by fever, or otherwise; for while it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reaction effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving all most immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by riding in a railroad car, or by sea-sickness, or other causes.

It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc., etc., and gives immediate relief to the spasms that so frequently accompany that period.

The Reasons for Insuring
—IN THE—
NEW ENGLAND MUTUAL Life Insurance Company,
OF BOSTON.

By the Acts of Massachusetts, incorporated into the General Statutes of 1860 and 1864, a Policy of Life Insurance for the benefit of a Married Woman, or any person or persons specified, goes to them independently of the debts and liabilities of the party who effects the policy.

An Act to Regulate the Forfeiture of Policies of Life Insurance.
Be It Enacted, etc., as follows:

SECTION 1.—No Policy of Insurance on Life, hereafter issued by any Company chartered by the authority of this Commonwealth, shall be forfeited or become void by the non-payment of premium thereon, any further than regards the right of the party insured therein to have it continued in force beyond a certain period, to be determined as follows, to-wit: The net value of the policy, when the premium becomes due and is not paid, shall be ascertained, according to the "combined experience" or "actuarial" rate of mortality, with interest at four per cent. per annum. After deducting from such net value any indebtedness to the company or notes held by the company against the insured, which notes if given for premium shall then be canceled, four-fifths of what remains shall be considered as a net single premium of temporary insurance, and the term for which it will insure shall be determined according to the age of the party at the time of the lapse of the premium, and the assumptions of mortality and interest aforesaid.

SECTION 2.—If the death of the party occur within the term of temporary insurance covered by the value of the policy, as determined in the previous section, and if no condition of the insurance, other than the payment of premium shall have been violated by the insured, the company shall be bound to pay the amount of the policy the same as if there had been no lapse of premium, anything in the policy to the contrary notwithstanding; provided, however, that notice of the claim and proof of the death shall be submitted to the company within ninety days after death; and provided, also, that the company shall have the right to deduct from the amount insured in the policy the amount at six per cent. per annum of the premium that had been forborne at the time of the death.

[Approved, April 10, 1861.]

Somebody's Heart.

My heart is waiting for somebody;
Somebody—where can he be?
Somewhere on earth he is waiting,
Waiting and watching for me.
My heart shall be faithful and true, then,
To that somebody, wherever he be;
Yes! my heart is locked firmly and fast,
But there's some one possessing the key.
Why are you sad and disheartened?
Why do you look so at me?
Because you say "you're discouraged
That you do not hold the heart key?"
How shall I know who's the somebody?
My heart will tell faithful and true
You wonder who can be that somebody?
Well, somebody, darling, is you.

AN OLD AND TRUE FRIEND.—A gentleman played off a rich joke on his better-half the other day. Being somewhat of an epicure, he took it into his head one morning that he should like a first-rate dinner. So he addressed her a note politely informing her that a gentleman of her acquaintance—an old and true friend—would dine with her that day. As soon as she received it, all hands went to work to get everything in order. Precisely at 12 o'clock she was prepared to receive her guest. The house was as neat as a new pin, a sumptuous dinner was on the table, and she was arrayed in her best attire. A gentle knock was heard, and she started, with a palpitating heart, to the door. She thought it must be an old friend, perhaps a brother, from the place whence they once moved. On opening the door, she saw her husband, with a smiling countenance.
"Why, my dear," said she, in an anxious tone, "where is the gentleman of whom you spoke in your note?"
"Why," replied the husband, complacently, "here he is."
"You said a gentleman of my acquaintance—an old and true friend—would dine with us to-day."
"Well," said he, good humoredly, "am I not a gentleman of your acquaintance, an old and true friend?"
"Oh!" she cried, distressingly, "is there nobody but you?"
"No."
"Well, I declare, this is too bad," said his wife, in angry tone.
The husband laughed immoderately, but, finally, they sat down cozily together, and, for once, he had a good dinner without having company.

A RAGED MILITIA OFFICER, and a still more seely looking negro, met at the bar of a tavern. "Cuff, you are a good honest fellow, and I like to compliment a black man; you shall take a glass of drink with me," Cuff, said the officer.
"Well, captaining, I've berry dry, so I won't be nighly about it. Some niggers is too proud to drink with militia officers; but when he's sober, he's as good as a nigger—specially if dat nigger's dry."

THE FISH in Luke Mollighunkemunk, Me., are said to be superior to those of either Lake Weeeyobocook or Moosetockmeagantue. Those of Lake Chaubangogungamaug were very fine, but they all choked to death in trying to tell where they lived.

A GENTLEMAN at Ithaca, N. Y., recently asked a boy who was holding a horse whose the animal was. The boy replied: "It belongs to a crazy Dutchman looking for birds' nests over yonder in the woods." The "crazy Dutchman" was Professor Louis Agassiz.

IT IS SUGGESTED that the opprobrious and proscriptive word "white," be dropped from the name of White Pine, in order that the delicate sensibilities of our citizens of African and Asiatic descent may no longer be outraged.—[Grass Valley National.

"THERE is one case of courtship in East Lynn, Conn., that has been going on for more than forty-five years, and during that time, with a few exceptions, the gentleman has called on his intended on each alternate Sunday evening.

JOSH BILINGS thus discourses: "Is there any rare for natural business, where it is a part of a man's constitution and his by-laws? Only one cure, and that is to milk a cow on the run, and subsist on the milk."

"WHAT makes your cows so cross?" said an old lady to the milkman, the other day. "Cross, ma'am! they are the gentlest things in the world." "Well, the milk is always sour," the matron replied sharply.

A BACHELOR being rallied for his celibacy, said he had chosen several wives, but that their husbands having established a prior claim to them, he yielded to the usages of society and gave them up.

"Do you seek consolation for your sorrows in drink?" asked a pious old lady of an intemperate fellow, who was something of a wag. "Yes, in a horn," was the laconic and witty reply.

"This world is all a fleeting show," said a priest to a culprit on the gallows. "Yes," was the prompt reply, "but if you have no objection, I'd rather see the show a little longer."

"WESTWARD, HO!" exclaims a western exchange. We should say a fellow might as well head eastward as westward, since he has got to dig for a living wherever he may be.

"YOU LOOK," said an Irishman to a pale, haggard smoker, "as if you had got out of your grave to light your cigar, and couldn't find your way back again."

A WHITE BOY met a colored lad, the other day, and asked him what he had such a short nose for. "I spee's so it won't poke itself into other people's business."

AN EXCHANGE tells of a man who stopped his paper on Saturday, and died the next day! A fearful warning.

AN irate mother being asked why she whipped her children so much, replied, "To make them smart."

WEBB
SEWING MACHINE!

Just completed, in SOLID STEEL MACHINERY, and combining in ONE the good of ALL!

This most enterprising Company has certainly brought out

THE BEST SEWING MACHINE EVER MADE!

And indeed is the ONLY NEW Sewing Machine, of any name, manufactured for the last eight years. Even a *superficial* observer can easily see that it surpasses all others, at least in the simplicity and durability of its machinery, and its remarkable

EASE OF MOTION AND MANAGEMENT.

It has few pieces, and all of steel. It makes the complete "Lock Stitch," the same on both sides, which will not unravel. Every Machine is warranted to sew from

Thinnest Lace, to Double Harness Leather! and of course can never be got out of order by "hard sewing." **Thankful for past liberal patronage, a continuance is desired.**

Prices same as others.

PLEASE NOTICE.

The claims of the Florence Company for the First Premium at the great Paris Exposition of 1867, though seeming true in letter, is really false in spirit and intent, and calculated greatly to deceive the public. Although it *did* receive the Silver Medal—that being the highest award given—it was not awarded the FIRST PRIZE! This was awarded the **Webb Sewing Machine**, and to the **Webb Sewing Machine**, at this Fair, is a great outrage, both as to letter and spirit; at least so much of it as pertains to their Gold Medal upon their Family Machine, which, to speak plain, is purely imaginary, they having received—as is well known—their Gold Medal at all on their "Button-hole Machine," not even an "honorable mention." (See official report.)

See also, as to the new **Webb Sewing Machine**, the returns of the State Fairs of Pennsylvania, Illinois, New Hampshire and New York, for 1867, at each of which the **Webb Sewing Machine** was pronounced the **BEST**, and received the highest premium given. And so also at other Fairs, and indeed wherever the Company shall choose to exhibit "strong points" of this really magnificent Machine.

S. E. HOAR, General Agent,
Office No. 8 Montgomery street, San Francisco.

H. U. OGBURN & LADY, Woodland, agents for Yolo county, where this Machine will be ever ready to "speak for itself," both to those who see and those who buy.

G. J. OVERSHINER,
CARRIAGE AND
WAGON
MANUFACTURER,

Main street, (opposite Gray & Freeman's),
WOODLAND.

I would call the attention of the public to this well-known shop, where I manufacture to order and keep constantly on hand for sale

Carriages,
Buggies,
Sulkies,

CONCORD-STYLE THOROUGHBRACE

—AND—
LUMBER WAGONS,

—FROM THE—
BEST EASTERN MATERIAL,

Selected by myself!

All work manufactured at my shop is under my own immediate supervision, and up to the requirements of the times, of the latest style, and the most

APPROVED PATTERNS AND FINISH!

I employ no "foreman," for 20 years' experience in the trade—10 years in the Eastern States, 20 years on the Pacific coast, (including 9 years superintendence of the "Pioneer Carriage Shop," Sacramento,) justifies me in assuming that position. Delecting to none the supervision of my work, I am enabled to

Guarantee Satisfaction!

My LARGE and SPACIOUS SHOPS enable me to store large quantities of material, and my

SEASONING FACILITIES,

(the only perfect seasoning apparatus on the coast) enable me to defy competition in quality of seasoned work. For verification of above one has only to examine my facilities in this line, and compare them with those in other shops. I do not pursue the course adopted by many; on the contrary, I season stock before working, and do not put up green stock in wheels, leaving them to season afterwards. I have and keep on hand a large stock of

OAK AND HICKORY SPOKES,

of all sizes and the finest material the market affords. Also a large variety of

Elm and Locust Hubs.

Having given the Oak Hub a fair trial, I have become convinced that they are *unfit* for first-class work. Parties who may favor me with their patronage may be assured that

No green oak hubs will be found in my work!

In this connection I would call particular attention to my NEW STYLE LOCUST HUB, turned from my pattern, and imported expressly for this trade and

Found only at my Shop!

Also made to order all kinds of

FARMING IMPLEMENTS!

Plows,
Harrows, &c.

I have now on hand Harrows of all sizes, with **STEEL TEETH**, superior to the imported article. In short, I am prepared to fill orders, **Wheelbarrow to a Hornet's Nest.**

The PAINTING and TRIMMING DEPARTMENT is equal to the best, and particular attention is paid to repairing and trimming old work.

BLACKSMITHING.
In all its branches, is connected with the wood-work, and both are under my supervision.

I have on hand, for sale,
Plow-beams and Handles,
Neck-yokes,
Singletrees,
Stretchers,
Clevises,

Fifth-chains,
Lap-Rings,
Harrow-Teeth,
Ltc., Etc.

All kinds of Plow and Wagon repairing done with neatness and dispatch. Determined to adhere to my long-established rule of manufacturing only the

Best Work from the Best Stock,

and having served my time at the two branches of carriage-work, (wood and iron) enables me to guarantee satisfaction in all cases, and to know, as foreman of my own shop, when work is

WELL DONE.

To those who have heretofore dealt at other shops, and consequently are unacquainted with my work, I would say GIVE ME A CALL and examine my stock and work. Believing that the surest test of the value of my work can be had in the verdict of those who use it, I respectfully refer the public to

The following named Gentlemen

who have and now are using Wagons and Buggies of my manufacture: E. Giddings, J. Langenour, J. Aldrich, Mr. High, H. Rhodes, Mr. Taylor, J. Jones, L. B. Bingham, Gray & Freeman, J. Garotte, Fleishman & Kaufman, Ed. Meese, S. & M. Hyman, George Scott, Mr. Laiden, Mr. Olds, Mr. Lusk, Mr. Hurlbut, R. Fritz, J. Lane, Wm. Davidson, and a host of others, whose names can be given if required.

Thankful for past patronage, I respectfully solicit a continuance of the favor.

HELMBOLD'S BUCHU.
The only Known Remedy

FOR—
Diabetes, Irritation of the Neck of the Bladder, Inflammation of the Kidneys, Catarrh of the Bladder, &c., &c., &c.

For these diseases, it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. Are you troubled with that disgusting pain in the small of the back and through the hips? A teaspoonful a day of Helmbold's Buchu will relieve you.

Physicians and Others
PLEASE NOTICE.

I make no secret of ingredients. Helmbold's Extract Buchu is composed of Buchu, Cubeba and Juniper Berries, selected with care, prepared in vacuo and according to the rules of

Pharmacy and Chemistry.

These ingredients are known as the most valuable Diuretics afforded. Diuretics of that which acts upon the Kidneys. Helmbold's Extract Buchu acts gently. It is pleasant in taste and odor, free from all injurious properties, and immediate in its action. For the satisfaction of all, see Medical Properties contained in Dispensary of the United States, of which the following is a correct copy:

"Buchu. Its odor is strong, diffusive and somewhat aromatic, its taste bitterish, and analogous to that of mint. It is given chiefly in complaints of the Urinary Organs, such as Gravel, chronic catarrh of the Bladder, morbid irritation of the Bladder and Urethra, diseases of the Prostate, and Retention or Incontinence of Urine, from a loss of tone in the parts concerned in its evacuation. It has also been recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."

For further information see Professor Dewees' valuable works on the Practice of Physic. See remarks made by the celebrated Dr. Physic of Philadelphia. See any and all standard works on Medicine.

Dr. Keyser is a physician of over thirty years' experience, and a graduate of the Jefferson Medical college and of the University of Medicine and Surgery of Philadelphia.

Mr. H. T. HELMBOLD—Dear Sir: In regard to the question asked me as to my opinion about Buchu, I would say that I have used and sold the article in various forms for the past thirty years. I do not think there is any form or preparation of it I have not used or known to be used, in the various diseases where such medicine agent would be indicated. You are aware, as well as myself, that it has been extensively employed in the various diseases of the bladder and kidneys; and the reputation it has acquired, in my judgment, is warranted by the facts. I have seen and used, as before stated, every form of Buchu—the powdered leaves, the simple decoction, tincture fluid extracts; and I am not cognizant of any preparation of that plant at all equal to yours. It is also recommended in Dyspepsia, chronic Rheumatism, cutaneous affections and Dropsy."
